

of Promoting the History & Culture of Poland

Dear Friends,

It is hard to believe that 40 years have gone by so quickly. When I look back and realize how much has been accomplished, I am in awe of how much can be done with determination and enthusiasm. Four decades ago, I had a vision of creating the American Institute of Polish Culture, which became a great organization promoting Poland in the US through films, exhibitions, conferences, publications and cultural events with numerous distinguished guests, including presidents, royalty, diplomats and world-renowned scholars and artists.

I could not have done it without support from You - my family, my friends, dear members of the Institute - who gave me encouragement and who wanted to be a part of this unique organization that embraced not only Polish - Americans but many nations of the world through "The International Polonaise Balls" dedicated to various cultures.

I truly believe that the legacy of this fine institution should be preserved for future generations. That is why we have embarked on an ambitious plan to prepare the 40th Anniversary Chronicle, taking you on a journey down memory lane, revisiting the activities of AIPC. We would also like to make a film that would capture the most important accomplishments of the American Institute of Polish Culture. Thus, I humbly ask for your support.

Your donations will not only help to produce these important documents, but will ensure that the American Institute of Polish Culture will be able to thrive for many years to come. I know I can count on your generosity and good heart and I trust that, just like me, you understand how important the work of the Institute is and how it enriches the lives of many communities in the United States.

With kindest regards,
